

Stephenson Hall Revealed: Residential Revival

IUP
Indiana University
of Pennsylvania

DORM DESIGN DONE RIGHT.

Stephenson is apart of our Residential Revival project, an ambitious \$245-million initiative aimed at modernizing the campus housing facilities. This goes along with seven other suite-style, living-learning facilities. Goodbye freshman dorms!

**WE'RE YOUR HOME
AWAY FROM HOME**

LIVE WITH US, GROW WITH US

**ALL AMENITIES
INCLUDED.**

Here at IUP, we prioritize our students. With our eight new buildings, you can count on having everything you need. Each new dorm kitchen comes with a microwave, kitchen cabentry and a sink. The bedrooms include two dressers, a desk, and of course a bed! And now, every dorm has their own bathroom. So at most you'd only be sharing a bathroom with one other person

HOME OF THE BUSINESS LIVING-LEARNING COMMUNITY

LIVE, LEARN, EARN

Stephenson Hall is going to be home of the all new Business Libing-Learning Community. It's also located directly in front of The Eberly College of Business and IT. That means that it's perfect for aspiring majors such as; Accounting, Finance and Legal Studies, Information Systems and Decision Sciences, Management, and Marketing!
